### INTRODUCTION

I am a second-year scholarship student at the Faculty of Cybernetics, Statistics, and Economic Informatics, specializing in Economic Informatics.

I wish to lead my life in continuous learning; therefore, I am eager to discover, explore, and learn. I want to gain new experiences and grow both professionally and personally.

### EDUCATION

#### HIGHSHOOL

##### National College „Ion Neculce”

Study Period: 2019-2023

Specialization: Mathematics - Informatics

Baccalaureate Degree: 9.50

#### FACULTY

##### Faculty of Cybernetics, Statistics, and Economic Informatics

Study Period: 2023-2026

Bachelor' degree: Informatics

Previous year grade: 9.06

### HOBBIES

#### Grade 4 piano

I have practiced piano for 7 years and participated in multiple competitions at various musical institutions across the country.

#### Fine arts

Drawing with pencil and painting on canvas or other materials.

### VOLUNTEERING

#### AIESEC

I was part of the AIESEC team for 3 months. I held a Marketing Outgoing Global Talent position, which involved using Hipo and LinkedIn applications to find and match young people interested in experiences with international internship opportunities.
